

Map 19 DALL'S SHEEP Winter Habitat Suitability and Winter Key Areas

PEEL WATERSHED PLANNING REGION, YUKON

LEGEND

Dall's Sheep Winter Habitat Suitability

- High
- Moderate
- Low
- Nil
- Dall's sheep key areas (winter)
- Peel Watershed planning region
- Yukon territorial park
- Yukon territorial campground
- Major road/highway
- Territorial boundary

DATA SOURCES

Base data: 1:1M hydrology (Digital Chart of the World); 1:250,000 National Topographic Database (NRCAN); 1:1M topography, 90m shaded relief (Yukon Environment)

Thematic data: 25m sheep habitat suitability (winter) derived from 25m Peel Watershed Planning Region biophysical mapping (PWPC); Dall's sheep winter key areas (Yukon Environment); 1:250,000 planning regions (PWPC); 1:250,000 territorial boundaries, 1:250,000 territorial parks and campgrounds (Yukon Environment)

DATA DISCLAIMER

This map is a graphical representation, which depicts the approximate size, configuration and spatial relationship of known geographic features. While great care has been taken to ensure the best possible quality, this document is not intended for legal descriptions and/or to calculate precise areas, dimensions or distances. We do not accept any responsibility for errors, omissions or inaccuracies in this data.

Wildlife Key Areas (WKA) are compiled by the Yukon Department of Environment WKA Inventory Program (Interim version, February 2008), against 1:250,000 NTDB from various data sources. Key Areas are based on observed locations of wildlife at key times of year, not on habitat assessment. With new information, boundaries and designations of Key Areas can change and additional Key Areas can be identified. Furthermore, Key Areas are not the only sites important for wildlife. Other information sources can identify other sites important for wildlife for reasons outside the scope of the WKA Inventory Program. Updates to Key Areas occur only periodically. For the most current information, please consult with the Regional Biologist for your area of interest. If you have questions or would like to contribute to the WKA database, please contact the WKA Inventory Program (wka@gov.yk.ca)
